SO ORDERED.

CATHY SEIBEL, U.S.D.J.

Re: **United States v. Jack Benjamin,**
17 Cr. 753 (CS)

Dear Judge Seibel:

The Government, having conferred with defense counsel and Probation, respectfully submits this status letter to the Court. The Government was able to obtain the body-worn camera footage from the incident underlying the pending specifications and provided the same to defense counsel. In addition, the Government understands that Probation has secured a place for the defendant in an anger management and domestic violence counseling outpatient program (including both group and individual sessions) through SCAN-Harbor and that the defendant's intake assessment is confirmed for 08/23/2024 at 3pm. Following this assessment, SCAN-Harbor will determine the frequency with which the defendant must attend programming but, according to Probation, it will not be less than twice a month. The defendant will participate in the program until both Probation and the treatment provider agree on successful completion which, according to Probation, could take anywhere from three to twelve months. Because the defendant's successful participation in this program is relevant to the parties' proposed resolution of the pending specifications, the parties jointly propose (i) to adjourn the status conference currently scheduled for August 29, 2024, to a date convenient for the Court in December 2024, and (ii) to file an interim status letter with the Court on whatever date in October or November 2024 that the Court would find helpful.

Respectfully submitted,

DAMIAN WILLIAMS
United States Attorney
